What is PULSE-Parent Edition

WE NEED YOU!

Our student government organization P.U.L.S.E. is led by phenomenal student leaders. Headed by Student Director and sophomore Princess Ulyse, the organization seeks to engage scholars in leadership development, community service and school spirit initiatives. In addition, the organization plans and executes student programming for community building and socialization.

The new P.U.L.S.E. Parent Edition seeks to get parent volunteers of current students to come together to provide parent leadership in making the school better, getting more parents involved, and organizing parent and scholar events.
